QA Analyst & Technical Support Professional | AI, Data, and Web Systems

Results-driven QA Analyst and technical support professional with hands-on experience in software testing, data operations, and user support. Skilled in manual and automated testing (Selenium WebDriver), defect tracking (JIRA/Agile), regression testing, and data quality assurance (SQL, Power BI). Proficient in Python, AWS, and Linux. Detail-oriented and solution-focused, bridging technical challenges with user needs. Seeking QA Analyst, Technical Support Engineer, or Data Quality Analyst roles

Skills & Competencies

QA & Testing: Manual Testing, Test Automation (Selenium WebDriver), Test Case Design, Regression Testing, User Acceptance Testing (UAT), Defect Tracking (JIRA), Bug Reporting, Agile/Scrum, SDLC

Technical Support: Windows/Mac OS, Linux/Ubuntu (VirtualBox), Troubleshooting, Remote Diagnostics, Service Request Handling, User Account Management, Configuration Tracking, Customer Service

Data & Analytics: SQL, Power BI, ETL, Data Validation, Data Quality Assurance, Excel (Advanced), CRM

Programming: Python, Java, C++, HTML/CSS/JavaScript, GitHub

AI & Data Science: Generative AI, Computer Vision, AI Product Strategy, User Research, A/B Testing, LLM, NLP, Prompt Engineering

Professional Experience

Junior Data Operations Analyst | Weldforce Corporation (Remote), Mississauga Nov 2024 – Present

- **Data Management:** Processed and qualified **50+ weekly inbound student leads** in CRM, ensuring accurate data entry and timely distribution to sales team
- **Data Quality Assurance:** Audited and cleaned lead database using QA methodologies (deduplication and validation rules), improving overall data accuracy by **20%**
- **Process Optimization:** Created standardized checklists for lead tracking and data entry, reducing processing errors by **15%** and ensuring team consistency
- **Reporting:** Generated weekly data quality reports using Excel and CRM analytics, identifying trends and areas for improvement

Sales Associate (Customer Support Focus) | Winners (TJX Canada), Ottawa Sep 2024 – Present

- **Issue Replication & Escalation:** Resolved **50+ daily customer inquiries**, replicating transactional issues and escalating system inconsistencies to management for further investigation
- **QA-Aligned Accuracy:** Maintained **98% accuracy** in cash handling and inventory cross-checking, applying checklist-based verification methods similar to QA test case execution
- **Cross-Functional Collaboration:** Collaborated with team members to meet daily sales targets while supporting store flow, merchandising standards, and operational consistency

Key Projects

Software Testing – Web Banking Application | QA Engineer

- **Test Automation:** Automated 50+ test cases (login and transactions) using Selenium WebDriver, reducing regression testing time by 30%
- **Defect Tracking:** Documented **40+ defects** in JIRA, collaborating with developers to resolve critical bugs before release
- **Test Documentation:** Delivered test plans, bug reports, and coverage metrics post-regression testing in an Agile environment
- **Methodology:** Applied Agile/Scrum principles throughout the software development lifecycle (SDLC)

UX Redesign – Online Student Portal | UX/UI Designer

- **Wireframing & Design:** Created wireframes and high-fidelity mockups with WCAG-compliant design, improving accessibility standards
- **Mobile Optimization:** Enhanced mobile responsiveness and reduced navigation friction by **30%**
- **Usability Testing:** Conducted usability testing sessions to validate redesign effectiveness using A/B testing methodologies
- **User Research:** Gathered user feedback to inform design decisions and improve user experience

Education & Certifications

Energy Management Postgraduate Certificate | Algonquin College Sep 2024 – Apr 2025

Software QA & Test Engineering | Conestoga College Sep 2023 – Apr 2024

Bachelor of Computer Application | Guru Nanak Dev University May 2019 – Apr 2022

Certifications: AWS Solutions Architect | Android Basics (Kotlin) | Deep Learning (Coursera)
